ABOUT PITTSBURGH

Pittsburgh, Pennsylvania is a mid-sized metropolitan city known for its revitalized downtown, green spaces, cultural district, an active nonprofit community, and many local and national grant makers. Pittsburgh has transitioned from its early industrial working-class roots as a hub for steel and coal mining production to become a modern-day center for high-tech, world-class education and healthcare.

Amidst Pittsburgh’s ongoing success and accolades as one of America’s most livable cities, there are startling gaps that primarily affect the lives of women and girls, and more pointedly, the lives of African American women and girls.

In recent years, the Pittsburgh community has publicly recognized the need to make Pittsburgh a most livable city for all. The result has been a renewed energy and commitment to supporting organizations like WGF, who continue to lead the charge for equity and access for all women and girls.

WGF is an equal opportunity employer. Diversity and inclusion are core values at the Foundation. WGF seeks equity for all without regard to economic status, class, race, sexual orientation, gender identity, religion, sex, national origin, age, marital status, disability, or genetics.
